

Blanket Distribution Programme at Mercy Children Home

Organized by: Rangapara College and IQAC, Rangapara College

Date: 01-01-2022

Venue: Mercy Children Home

Objective of the Programme:

The core objective of the programme is to reduce the suffering of the children of orphanage. Through this programme many children of the orphanage will receive the benefits that would eventually help them in surviving amid the cold and chilling winter. This programme will spread the message of sympathy, love and sacrifices to the society.

Description of the Programme:

On the very first day of the year 2022 a special programme was organised by Rangapara College at Mercy Children Home, Garo Gaon, the adopted orphanage of Rangapara College. A Blanket Distribution Programme was organised at Mercy Children Home to help out the little children to get away with the cold of winter season by donating 32 blankets to 26 children of the orphanage located at about 20 km from the college campus.

The teaching and non teaching staff (39) of the college have contributed the blankets for the programme. Around 30 people including students and staff of the college arrived Mercy Children Home at 10 am where everyone received a warm welcome by the little children and the authority of the orphanage. After that Principal Dr. Ranjan Kalita stated the purpose of visiting there. All the students and staff of the college interacted with the children and the children were encouraged with moral support by everyone present there. After then everyone visited to the dormitories of the children and had discussions with the authority about the needs of the children. After a long time interaction with the children and discussion with the authority, Blanket Distribution Programme was held where every children were given one blanket. At the end appreciating the efforts of Rangapara College, the authority of Mercy Child Home acknowledged everyone. The programme came to an end at 3pm leaving all the happy faces with a feeling that a difference was made in their lives for that one day.
